Military in Utah

3711. Emergency Oral Prescription of Schedule II Controlled Substances.

- A. Practitioners may give an oral prescription for a Schedule II Controlled Substance if:
 - (1) The quantity dispensed is only sufficient to cover the patient for the emergency period, not to exceed 48 hours.
 - (2) The practitioner has examined the patient within the past 30 days or the patient is under the continuing care of the practitioner for a chronic disease or ailment.
 - (3) A written prescription is delivered to the pharmacist within 72 hours of the oral order.
- B. A pharmacist may fill an emergency prescription for a Schedule II Controlled Substance if:
 - (1) The amount does not exceed a 48 hour supply;
 - (2) The filling pharmacist is familiar with the practitioner or makes a reasonable effort to determine that he is licensed.

3712. Disposal of Controlled Substances.

- A. Any disposal of controlled substances by licensees shall:
 - (1) Be consistent with the provisions of 1307.21 of the Code of Federal Regulations, or
 - (2) Require the authorization of the Division and be conducted in the presence of one of its investigators or a division authorized agent.
- B. Records of disposal of controlled substances shall be maintained and made available on request to the Division or its agents for inspection for a period of two years.

3713. Surrender of Suspended or Revoked License.

- A. Licenses which have been suspended or revoked shall be surrendered to the Division within 30 days of the effective date of the order of suspension or revocation. Compliance with this section will be a consideration in evaluating applications for relicensing.
